

It was your hard work and creative design

The music of water not only transformed our surroundings, but added delight for friends, family and birds too. Thanks for your creation.

.....that brought us the experience of flowing water and sparkling dancing sunlight...

As the seasons change... so too, the beauty grows...

We so very much thank you for your work and friendship. Thank you for the invitation to the York food fest and your surprise gift. Yes, we do enjoy venison.

May you and your family be truly blessed with a very Happy New Year.

Keep up the good work. Stop by any time.
